

## Police News – OCTOBER 2006

It has again been a quiet few months on the crime front, but we are still getting incidents of criminal damage around the village.

There has been incidents where horses have had their tails cut off and damage to the fencing around the river. This damage is senseless and pointless! If you have any information that may help to identify the criminals then please let me know or contact Crimestoppers on 0800555111.

I have a word of warning regarding a company called “St Johns Security” or something similar. They contacted a resident and led her to believe that they worked with the Police and St Johns Ambulance and they offered to come to her home, check her security and then fit a system that would link direct to the local police and hospital. There is no such system in existence and I advise anyone not to make appointments with such a company unless they check them out thoroughly before they are invited into private homes.

Can I also ask pedal cyclists to ensure that they have the correct lighting for their bikes. There have been several reports and some people already prosecuted for riding along dark unlit roads without reflective clothing or lights.

There is a PACT meeting at Bretherton School at 7:30 pm on Monday 4<sup>th</sup> December.

I am holding Police Surgeries at Croston Police Station on the following dates:

Wed 29<sup>th</sup> November between 4pm & 5pm

Wed 31<sup>st</sup> January 2007 between 4pm & 5pm

Please feel free to drop in at the Station with any queries or problems you may have.
